# MiAEYC Student Leadership Award

You know that children's education and care depend on the skill and education of the adults working with them. You also know that emerging professionals need opportunities to learn and work along-side leaders in our field. The MiAEYC Student Leadership Award provides opportunities for education and leadership to an undergraduate student who is pursuing a bachelor's degree in child development or elementary certification with the early childhood endorsement. The purpose of providing this scholarship is to develop a base for future leadership both in the profession and in the organization.

This award will be given to one or more students each year who, through their academic record and professional involvement, indicate strong leadership skills in the field of child development or early childhood education.

MiAEYC will also provide, with the award, a 1-year membership in MiAEYC, and complimentary MiAEYC conference registration and one night of lodging the year of the award. The recipient will be invited to attend MiAEYC Governing Board meetings and interact with Michigan AEYC leaders.

Early childhood educators are a special group of people with a strong tradition of mentoring emerging talent. So, as a member of the early childhood community, you are invited to give a gift to the MiAEYC Student Leadership Fund. Your donation, along with those of others, will endow a fund for the long-term support of this award.

Perhaps the most rewarding benefit of giving to the Student Leadership Fund is the personal feeling of satisfaction, knowing you have expanded educational opportunities for early education and care students, and helped developed leaders who will carry forward our important work.
